

Dear Member

As you may know, gyms are now fully open and operating as normal, with all protocols and measures in place to ensure your safety. This means that you can go back to gym and get active and healthy the way you love most. And just in time for summer!

**Here's how this affects your Save As You Gym membership:**

- Since your membership fee is already highly discounted, we will no longer apply the frozen membership rate for November and December and your normal Save As You Gym membership fee will be charged.
- We know you haven't been able to go to gym before this, so we're going to apply the discounted rate that you would have received in April (for your activity level before lockdown) to your November and December fees.
- We trust that you will continue to enjoy the great benefits of your Save As You Gym membership as you ease back into your gym routine.
